About Biophytis

Biophytis is a clinical-stage biotechnology company focused on the development of novel therapeutics that slow the degenerative processes and improve functional outcomes for patients suffering from age-related diseases. Our therapeutic approach targets key biological resilience pathways that can protect against and counteract the effects of the multiple biological stresses that lead to age-related diseases. Our lead drug candidate, Sarconeos (BIO101), is for the treatment of neuromuscular diseases, including sarcopenia and Duchenne muscular dystrophy. Our second drug candidate, Macuneos (BIO201), is for the treatment of retinal diseases, including dry age-related macular degeneration (AMD) and Stargardt disease. Biophytis is headquartered in Paris, France, and has offices in Cambridge, Massachusetts. The Company's ordinary shares are listed on Euronext Growth Paris (Ticker: ALBPS - ISIN: FR0012816825).
